- AWS

PROFILE

Passionate about designing and developing innovative solutions while excelling at problem-solving. Proficient in JavaScript, with expertise in frameworks like ReactJS, React Native, NextJS, and NodeJS. I have accumulated over 3 years of experience in software development, primarily in the digital banking/financial and retail groceries industries. I thrive on embracing new challenges and working with cutting-edge technologies.

WORK EXPERIENCE

Full Stack Developer   *Jan 2023 - Present*

City Holdings Limited

- Design and implementation of the City Rewards mobile wallet, leveraging full-stack development to create a user-friendly and secure application.
- Develop an intuitive Admin dashboard to efficiently manage application functions, enhancing the overall user experience and streamlining operational processes.
- Continuously develop and integrate new features to enhance user experiences and meet evolving business requirements, ensuring the application remains competitive and innovative.
- Proactively optimize database structures to improve data access and retrieval speed, enhancing overall application performance and scalability.

Frontend Developer   *Mar 2021 - Dec 2022*

AYA Bank (AYA Innovation Labs)

- Responsible for developing and maintaining the AYA Pay web admin portal, reporting portal, and corporate financial portals based on the requirements provided by the business team.
- Developed and integrated web view static pages seamlessly within the AYA Pay mobile wallet, enhancing the user experience and ensuring a cohesive interface.
- Created reusable components to promote code reusability and enhance development efficiency, resulting in user-friendly and highly responsive web applications.
- Utilized Redux and Redux Toolkit for efficient state management, ensuring a consistent and scalable application architecture.
- Identified and resolved unnecessary component rendering to optimize the performance and responsiveness of the applications.
- Engaged in agile development methodologies, participating in daily stand-ups and sprint planning sessions to deliver high-quality software within tight deadlines.

Sep 2020 | Udemy

The Agile Sumurai Bootcamp

Feb 2021 | Udemy

React - The Complete Guide

Feb 2021 | Code with Mosh

Mastering React

Apr 2022 | Udemy

The Complete Nodejs Developer

LANGUAGE

- Burmese
- English

WORK EXPERIENCE

Quality Assurance Tester

Mar 2020 - Feb 2021

AYA Bank (AYA Innovation Labs)

- Performed comprehensive testing to ensure the robustness and reliability of the AYA Pay mobile wallet, Admin portals, Merchant portal, and corporate financial portals.
- Executed test cases with precision, documenting results and identifying any issues or anomalies to facilitate timely resolution.
- Specialized in testing dynamic billers, thoroughly validating their integration within the AYA Pay mobile wallet to ensure seamless payment experiences for users.
- Collaborated closely with cross-functional teams, including developers and business stakeholders, to address bugs and ensure optimal product quality.

Web Developer (Internship)

May 2019 - July 2019

Acroquest Myanmar Technology Co., Ltd

- Gained hands-on experience in full-stack web development, leveraging Java for the backend logic and Spring Boot for efficient server-side processing.
- Worked alongside a team of experienced developers, participating in the entire software development lifecycle, from design and development to testing and deployment.
